

Pedestrian Doors

# TRAFFIC DOOR

## Key Features

- Rotationally-Molded Polyethylene Door Panel
- Insulated Non-CFC Urethane Core
- Internally-Reinforced Tubular Steel
- Durable and USDA-Approved Gasketing
- Double-Acting V-Cam Hinging System

## Major Benefits

- **Proven Performance:**  
Impactable design and long service life delivers on the daily rigors of forklift, refrigerated and wash-down applications.
- **Enhanced Sanitation:**  
Seamless and corrosion-resistant panel ensures superior wash-down efficiency and is USDA-approved.
- **Superior Durability:**  
Rotationally-molded polyethylene construction is up to five times more puncture-resistant than alternative materials.

## General Specifications
